Mr. Judge For Treasurer

Competent management of the county treasurer's office during the next term can be assured only if voters of Salem and Columbiana county forget party labels and combine their support in behalf of the Democratic candidate, Vincent C. Judge.

In recommending the present deputy treasurer, we emphasize his ability and outstanding conduct of the office, and give only secondary consideration to the fact that he is a Salem man. Mr. Judge had ample training and experience when he was appointed deputy treasurer by the late Olen H. Dawson. Since then he has had seven years' experience in the office and deserves the promotion he seeks. He contributed in great measure to the reputation his superior established as one of the best treasurers the county has ever had, and he further demonstrated his qualifications when he continued to conduct the office in a most efficient manner throughout the long illness and subsequent death of Mr. Dawson.

Mr. Judge is the type of office-seeker one finds pleasure and satisfaction in supporting. His Republican opponent lacks both training and experience. Although Richard O. Wilson, the Republican, advertises both qualifications in his campaign literature, he definitely lacks both and his conduct of the office of county recorder during the last two terms has contributed nothing which merits the voter's confidence in entrusting to him an office of far greater importance and responsibility. Mr. Judge will be the choice of every voter who appreciates and expects the highest type of service.

Salem offers another candidate on the county ticket who has done such an excellent job that he deserves another term. He is Charles O. Snyder, county engineer, and the Republican nominee this year. Road and bridge work has been maintained at a high standard through the efforts of Mr. Snyder, and the engineer's office has been conducted in a most efficient manner. Here, again, a Salem man is recommended not because of his residence but because of his proven ability.

With the exception of Mr. Judge for treasurer, the voter will find the county Republican ticket offers the most competent men in every instance. If the best in county government is sought during the coming term, there need be deviation from the Republican nominees in only one instance, that for treasurer.

Judicial Ballot Choices

Three members of the state supreme court—Chief Justice Carl V. Weygandt and Judges William L. Hart and Judge Edward S. Matthias—are asking re-election. Chief Justice Weygandt and Judges Hart and Matthias have earned re-election to their important posts on Ohio's highest court.

It was 10 years ago this election year that Judge Hart was sent to the supreme bench, and a decade of service there has confirmed the soundness of the decision.

Judge Matthias, dean of the court, has served continuously since 1915 and continues today to be one of its most capable members.

Chief Justice Weygandt has been an excellent presiding officer in this court and deserves continued support of the voters.

In the district, Judge Elmer T. Phillips of Youngstown seeks re-election to the court of appeals. He has won the right to another term by his capable service to this large district. He is one of the appellate court's most outstanding members.

Re-elect Congressman Lewis

This is one of the most important elections for people of the 18th Congressional district, of which Columbiana county is a part. Regardless of the outcome of the national election, the tasks before the next congress will be of vital importance to the future well-being of the nation. To deal properly and adequately with these problems, congress should have as its members men of ability and capacity.

The 18th district offers such a man in Congressman Earl R. Lewis, the Republican candidate seeking another term. Mr. Lewis takes his job seriously, is energetic, and gives full consideration to the problems of this important industrial and agricultural district. He is fully aware of all those problems, keeps closely in touch with his constituents, and has the ability to serve their interests to the best advantage. His experience in the lower house counts considerably, and he should be returned to congress on Nov. 7.

Your Vote Does Count

If someone with a lot of enterprise and energy were to take a poll of all persons who did not vote in the last national election and ask them why they did not vote, the answers probably would be something like this: "I just didn't think my vote would make much difference one way or the other in such a big election."

Even in a democracy where one man's vote counts as much as another, and where national elections have been decided several times in the past by a mere handful of voters, this type of thinking still prevails among many persons. Nothing could be further from the truth. Let us examine a few close elections in our country's history for proof.

In 1884, New York state, which then had an electoral vote of only 36 as compared to its present 47, was the deciding state in the contest between Grover Cleveland, the Democratic candidate, and James G. Blaine, the Republican. Cleveland polled 563,154 votes to Blaine's 562,005, which gave him a plurality of 1,149.

If a majority of those 1,149 voters—or 575—had voted for Blaine instead of Cleveland, the Republican candidate would have had a plurality of one vote over his opponent and New York would have gone Republi-

can. It is easy to see from these figures that a few votes make a lot of difference in some elections.

In 1916, with the United States closer and closer to the war raging in Europe, the November election was the closest in many years. Woodrow Wilson, running for a second term against Charles Evans Hughes, the Republican candidate, went to bed late election night apparently a defeated man. The electoral vote stood thus: Republicans, 254; Democrats, 264. The report was, however, that California, where the outcome was in doubt, would go Republican. That meant that California's 13 electoral votes would be added to the Republican total of 254, making 267, or just enough to carry the election.

Not until the next day did the election count in the western state show that the Democrats won by 466,200 to 462,394—a plurality of only 3,806. A switch of 1,904 Democratic voters in California to the Republican side in this election would have meant that Charles Evans Hughes would have been the war president instead of Mr. Wilson.

Hardly a year goes by that the newspapers do not report an election in some community so close that a shift of only a few votes would change the result. The balance of power in many an important issue therefore often is vested in one or two persons.

It is not likely that as a voter you alone will be the deciding factor in this or any other election. But the fact remains that individual votes do make up the total and the total decides the election. And your vote counts as much as anyone else's. It is not only your privilege, but your duty to vote Tuesday, Nov. 7. As a good citizen you should do nothing less.

For Wednesday, November 1

OUTSTANDING success, with worthwhile progress and achievement, is indicated by the ruling planetary configurations of this day. There is a sign of increase and expansion in all departments of life, with credit, finance, labor and the most cherished of hopes and wishes reaching high goals of performance.

There may be some tricky conditions, calling for alert, wary and clever manipulation, probably by unique, subtle or intriguing tactics. In romantic adventures there may be surprising or menacing circumstances.

Those whose birthday it is may have the benefit of excellent promises for a year of exceptional progress, promotion, prestige and popularity in a business, financial, professional and all-round productive way although there is need for swift and subtle action in dangerous spots of treachery, misrepresentation and perhaps fraud. If such is met with sagacity, vigilance, cleverness and expedient change of plans, cherished ambitions and objectives may be spectacularly attained. In social, domestic or romantic affiliations, while there may be pleasant and joyous activities, yet discretion and circumspect behavior are enjoined.

A child born on this day may have much talent and efficiency for large and important accomplishment. It should be alert to treacherous alliances.

GUARDING YOUR HEALTH

Advances of Modern Surgery

By LOGAN CLENDENING, M. D.

THE "GOLDEN AGE" of surgery has been said to be the period after surgical anaesthesia was discovered, roughly about one hundred years ago, when to that triumph was added

Dr. Clendenning will answer questions of general interest only, and then only through his column.

ed the discovery of how to prevent germ infections in surgical incisions—asepsis—which was roughly about fifty years ago.

The three great problems of surgery were once said to be haemorrhage, anaesthesia and aseptis. The control of hemorrhage was solved long ago by doughty old Amboise Pare in the middle of the sixteenth century, by the use of the ligature. With that discovered and anaesthesia and aseptis added, the surgeon could explore any part of the human anatomy without causing the patient any excruciating immediate pain and without having him bleed to death and without leaving him infected with germs to suppurate to death.

Then began the golden age of surgery—about 1890. It lasted about thirty years. It was the age of development of great mechanical dexterity. All the classical operative procedures were developed during that time—how to remove the appendix, how to drain the gallbladder, how to remove parts of the stomach and intestines—how even to enter the chest and take out part of the lung without its collapsing and to sew up a wounded heart without stopping its beating, to expose the very brain itself, to remove organs which were making trouble, such as the thyroid gland, and the

spleen, to remove tumours and infected organs, anywhere. All this was standardized so it could be done with the greatest economy and the maximum of safety and minimum of damage to tissues. It was indeed the golden age.

The New Surgery

It seemed to many surgeons of my apprenticeship days that there was nothing left for them to learn. But there was and the new surgery is learning it and advancing to build more safeguards around the surgical patient.

The watchword of the new surgery is physiology. The old surgery was anatomical—structural. It had learned to rip open and nail together again human being very much as if he were a frame house. And indeed I am inclined to think that many of the surgeons I knew in my youth so regarded him. The modern surgeon has found he is a living, quivering organism of infinite complexity of chemical composition and though he may come out of a surgical operation without bleeding to death, without pain and without infection, he may go laywire and collapse just because some too rude fingers have been stirring up his chemical solutions and twanging his nervous ganglia too much. As Lord Mervillham, one of the greatest of the old surgeons, said, surgery is at last being made safe for the patient.

These procedures of the new surgery concern largely preoperative preparation and post-operative care. They include such measures as safeguarding against embolism (blood clots), by the judicious use of heparin and dicumoral and alteration of the position of the patient. Also the prevention and treatment of shock by transfusion, the promo-

tion of fluid exchange, replacement of protein and use of chemotherapy.

Advance of Anaesthesia

Anaesthesia as a branch of surgery has also reached out to consider physiological methods. There are now so many kinds of anaesthesia that the exact type needed by any particular patient can be fitted to him with the nicety of an engineer's calculations.

Dr. Harvey Cushing, one of the morning stars of the new surgery, wrote once:

"These detailed methods have spread into all clinics—at least into those clinics where you and I would wish to entrust ourselves for operation. The spectators no longer expect to be thrilled by a surgical operation. These are now quiet, rather tedious procedures which few beyond the operator and his assistants can profitably see. The patient on the table, like a passenger in a car, runs greater risks if he has a loquacious driver or one who takes close corners."

Bowel Cleaning Power Of Erb-Help Medicine

One man recently took ERB-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Lease Drug Stores, State and Lincoln Sts.

Ponderous Potters To Face Quakers At Reilly On Friday

Rivals Renew Series Going Into 30th Game As Season's Largest Crowd Is Expected

Renewing their rivalry for the 30th time, the Salem Quakers and the East Liverpool Potters will clash at Reilly stadium at 7:45 p. m. Friday before what is expected to be the largest football crowd of the 1944 season.

Coach Ben Barrett, with his squad at the fullest strength since before the Leetonia game, is facing what looms like his toughest assignment of the season.

Liverpool, ponderous and more powerful than ever, boasts five wins, a 2-0 loss to New Philadelphia's unbeaten, unscored on aggregation, and a 7-7 tie with an inspired underdog Alliance outfit. Most impressive of the Potters' list of five wins is their 14-0 conquest of previously unbeaten, unscored-on Martins Ferry—just last week.

In winning over the touted Purcell Riders, the Potters chalked up one of the major upsets of the 1944 district season and pushed themselves up among the top rankers in state-wide considerations.

Berles Martins Ferry the Potters have whipped Steubenville Catholic Central, 13-0, Steubenville Big Red, 21-7, Midland, Pa., 14-6, and Girard, 20-0. The Girard score is the one indicative of their power as compared with the Quakers—and even that size-up is not too good as the Potters scored their 20-0 win in the mud, while the Quakers racked up a 20-6 win on a dry field last week.

When calling the Potters ponderous there is no mistake. The lineup, sprinkled with seven well-experienced veterans, including four Junior backfield men, is one that offers plenty of resistance and offensive power to all comers.

Coach Gerald Capozzuti, serving his fourth year in East Liverpool, uses Bob Ward, 150 pounds, Chuck Means, 160 pounds, Henry Pack, 170 pounds and Bob McGraw, 160 pounds in his ball carrying department along with a find—Alonzo Spencer, 155 Junior halfback.

Ward fills the left half position and is shifted to quarterback when Spencer is in the game at half. McGraw, a talented ball fater, has been drawing the left end assignment when big Lew Tyconevich, 185 pound Senior end, is out of the game.

The starting backfield of late has stacked up this way. Ward at quarter, Spencer at left half, Means at right half and Pack at full. On the line more veterans and plenty of the old weight advantage are in full evidence.

Wayne Standley, 160 pounds, Bill Cain 160 pounds and pass-snagging Jerry Hyder, 145 pounds, are fighting it out the right end regular job, with Cain and Hyder getting the call most frequently. At the other end position McGraw has been this season.

Carrying the weight of the job while Veteran Tyconevich has been on the sidelines with a knee injury. The big boy—"Ty"—played some last week against Ferry and is expected to go this week against the Quakers.

At the tackles Capozzuti abounds with bruising ability, having Veteran Sam Winters, at 210 pounds, for the right side and Rudy Trbovich, 230 pounds, to fight it out with Ray Amsden, 185 pounds, for the left side job.

Guards include Veteran Lee Hyder, 180 pounds of Senior, and Dick O'Hanlon, 185 pound right guard, as the starters. Don Jackson, 160 pound Sophomore, and Senior Pat Canavan, who weighs 185 pounds, battle it out for the center duties. Canavan has been starting of late.

All in all, the East Liverpool starting group averages about 180 pounds and will have a 20 pound-per-man advantage over the much lighter Salem aggregation, which hits at best a 158 pound team average.

In spite of all this ponderous advantage and a more nearly perfect record than Salem has compiled this year, Coach Barrett feels his team is in near-top shape and ready to do its utmost against the team that spoiled a perfect record for Salem last season, 25-12.

Unable to defeat East Liverpool since 1937, when the Quakers won out 14-6, the Salem team is primed to overcome what has been a mountain for many a season. Only once since 1934—in 1939—did a Quaker team equal the Potters' might, and that game ended in a 6-6 tie.

In the series of contests, which started back in 1911, Salem has won 10 times, lost 16 and three games have ended in ties. Barrett is out to change that set-up, he says, and his team is behind him with more enthusiasm than they have shown end position McGraw has been this season.

At the tackles Capozzuti abounds with bruising ability, having Veteran Sam Winters, at 210 pounds, for the right side and Rudy Trbovich, 230 pounds, to fight it out with Ray Amsden, 185 pounds, for the left side job.

Only 13 Grid Teams Still Boast Unmarred Records After Weekend of Upsets

BY HAROLD HARRISON
COLUMBUS, Oct. 31.—That loud noise you may have heard last week was not heavy artillery. It was the exploding of perfect Ohio High school football records.

It had begun to look as if there might be more claimants of the mythical Ohio title than there are of the world's heavyweight wrestling championship, but if we have many more weekends like the last there won't be anything to worry about.

No less than seven teams which had gone through the first six weeks of the season without a defeat or a tie were caught in the blast and two of them—North Canton and Martins Ferry—hadn't even allowed a point until last week.

As a result, the latest survey of the High school picture shows just 13 teams still holding perfect records—although there may be a few others still in hiding.

The sufferers last week, in addition to North Canton and Martins Ferry, were Springfield (Summit County), Youngstown East, Fairmont, Philo and Richmond.

The biggest surprise of all, however, was the 35 to 0 beating Youngstown South gave Youngstown East. Al Beach, South coach, dipped into his bag of razzle-dazzle tactics and came up with such an array of intricate spread formations and passing plays that East was completely swamped.

Liverpool Upsets Ferry
Probably the next biggest upset was East Liverpool's 14 to 0 conquest of Martins Ferry. It was the first time the Potters had beaten Ferry since 1937.

With Youngstown East and Martins Ferry out of the picture, the roster of major unbeaten and untied teams now includes Cleveland Cathedral Latin, Toledo Libbey, Middletown, Lakewood, Columbus North and Cincinnati Purcell.

Toledo Libbey's victory over Toledo Central Catholic, was marked by Jerry Krall's four touchdowns on runs of 47, 99, and 77 and 25 yards.

Those 24 points weren't enough, however, to give Krall individual point-getting honors. Alex Verdova got five touchdowns as Lakewood drubbed Alliance, 39 to 0, and Dave Custick of Upper Sandusky did the same thing as his team walloped Maryville, 53 to 6.

Unbeaten, Untied
The other unbeaten and untied teams include Canton Township, Austintown Fitch, Greenville, St. Mary's, Columbus Upper Arlington, Columbus St. Charles and Greenfield.

Austintown Fitch, like Cleveland Cathedral Latin, still hasn't allowed a point to any opponent.

Among the games involving beaten or tied teams, the Warren-Massillon tilt caused the most eyebrow lifting. Warren figured to give the Tigers quite a battle but did considerably better than that, slipping Massillon a 32 to 12 setback. Warren had a 26 to 0 lead before Massillon ever scored and rolled up 391 yards to 79. It was the first time Warren had beaten Massillon since 1932.

Canton McKinley, which also has been beaten by Warren, was right in the groove against Steubenville and finished with a 57 to 0 margin.

TOLEDO LIBBEY SEEKS POST-SEASON CONTEST

Toledo Libbey Seeks Post-Season Contest

(By Associated Press)
TOLEDO, O., Oct. 31.—Libbey High school's undefeated Cowboys today were negotiating with officials of Cathedral Latin High at Cleveland and Muncie, Ind., High for a post season game. Libbey has won seven straight games against local opposition and feels that it has a fair claim to the mythical state championship.

Latin High, bound by rules of the Senate, may be unable to play Libbey either at home or away because of a rule limiting Senate members to 16 games a season. The school officials indicated today, however, that they consider asking permission to play if a date can be arranged.

Talks with Muncie followed a challenge issued last week by the Hoosier team. The de-emphasis of football after Nov. 15 handicaps the negotiations with Libbey, however.

Salem Athletic Club To Have Galehouse As Guest Speaker

Denny Galehouse, native of Cuyahoga Falls and pitcher for the American League Championship St. Louis Browns, will be the speaker at the first annual Salem Athletic club banquet at the Lape hotel at 7 p. m. tomorrow.

Only a part-time hurler until July 1 this past season, Galehouse stepped in to take over full time duties for the Browns and was chosen as the opening World Series pitcher by Manager Luke Sewell. He chalked up a win in the first game for the Browns but dropped his second attempt in the fifth game when he was matched by Mort Cooper.

Cooper and Galehouse fanned 22 batters in that second game—a new record for the World Series. Galehouse got 10, Cooper 12.

Cy Butler To Speak
Besides the noted arm specialist, Sponsor Scott Chisholm, who has helped organize, finance and direct the Salem A. C. since its inception last spring, has arranged other entertainment and speakers.

Guests of the club tomorrow will include Cy Butler, Alliance newspaperman and organizer of Hot Stove League clubs throughout this section. Butler, president of the Alliance club, was elected president of the national organization of the 100 Hot Stove League groups

throughout this country and Canada. He has been instrumental in starting similar "baseball fan" clubs in Massillon, Minerva, Carrollton, Ravenna, East Liverpool, and several other district towns.

Members of the Salem Park commission and several other city officials will be guests of the club. Further discussion of improvements for the Centennial park diamond are expected at the session.

Thirteen Is Unlucky

ALLIANCE, Oct. 31.—The figure 13 on the calendar really means bad luck to Pfc. Gerald L. Bingham, whose second wounds came on Friday, Oct. 13, in Italy. He first was wounded in Italy last May 15. Then on July 13, he was sent to the hospital as a victim of malaria.

The War Today

By DeWitt MacKenzie

(Continued from Page 1.)

order to achieve her former position.

Of course it likely would be difficult for the Allies to arm a big French force right now, when they are rushing to get the big offensive under way. However, one would expect De Gaulle to have an increasing opportunity for participation.

Looking at France's situation from all angles, it's easy to understand the true meaning of the purge which the government has inaugurated against those who have collaborated with Hitler in the enslavement of their own people. Already there are under way trials which may send some 100,000 to their deaths.

Such a purge is a terrible thing, but probably there are few onlookers who don't agree that the traitors among the accused must be dealt with. The 100,000 represent a few of the rotten elements which spread the decay that caused France's downfall. They come from all walks of life, and if the De Gaulle government had decreed that 1,000,000 rather than 100,000 must stand trial, it wouldn't have been surprising.

I say these things as one who has lived in France, who likes that great country and who believes in it. This is a moment when France needs understanding friends—and she has them.

Columbiana War Dads Will Meet Wednesday

COLUMBIANA, Oct. 31.—The American War Dads will meet Wednesday evening in the city hall. Pfc. Kenneth Reash, returned from Pearl Harbor and Wayne DeRhodes just returned from Italy, will be guest speakers. Lunch will be served. All fathers of service men and women are invited.

Lt. and Mrs. Paul Johnson are the parents of a daughter at the Salem City hospital Sunday. She will be named Paula Ann. Mrs. Johnson is the former Mary Louise Ockerman and her husband is now a prisoner of war in Germany.

COLOGNE BLASTED AGAIN BY HEAVIES

(By Associated Press)
LONDON, Oct. 31.—More than 1,600 British and Canadian planes dropped 4,000 tons of bombs last night on Cologne, "the most heavily bombed of German cities," and Mosquitoes made two raids on Berlin.

A Canadian communiqué said a sizeable force of RCAF Halifaxes and Lancasters participated in the sixth bombing of Cologne since Saturday. Two planes were lost.

Air fields over a wide area of Germany were attacked.

The Canadian communiqué for the first time designated the big Rhineland city, now in the direct path of the American First army, as the most heavily bombed city of the Reich. Although it did not go into damage details, the use of the superlative recalled eyewitness

descriptions of flattened Hamburg and the terrific damage done to other Allied targets.

Mr. and Mrs. William Greenstein and Mrs. Marion Fryer and son visited Mr. and Mrs. Dean Price of near Lisbon Sunday.

Sunday Guests
Mr. and Mrs. Lester Bauman entertained at dinner Sunday honoring Pfc. and Mrs. Herbert Whitehead who recently returned from Fort Monmouth, N. J. Other guests were Mr. and Mrs. Emmett Caldwell of Guilford and Mrs. Iva Bauman.

Mrs. Betty Bircher accompanied by Miss Hazel Backhold of Canfield attended the North East Ohio Teachers' convention in Cleveland and visited Misses Arvilla Dean, Martha McCreight and Celia Rietzler over the weekend.

Miss Bertha Bradshaw, Mrs. W. Neal and Mrs. R. McGee of Roots town visited Mrs. G. R. Morton Saturday.

Beverly Bayless spent Friday with Theresa Furlong of R. D., Salem.

descriptions of flattened Hamburg and the terrific damage done to other Allied targets.

PILE RELIEF

Simple piles need not rack and torture you with maddening itch, burn and irritation. Sturtevant's Pile Suppositories bring quick, welcome relief. Their grand medication means real comfort, reduces strain, helps tighten relaxed membranes, gently lubricates and softens. Protective and anti-chafing, so easy to use. Get genuine Sturtevant's Pile Suppositories at your drug store without delay—60c and \$1.20—on maker's money-back guarantee.
